LOL Golf Practice Round and Welcome Reception

Monday, June 4

Labor of Love Tournament, Awards Reception

WE LOOK FORWARD TO SEEING YOU IN PHILADELPHIA!

To all of our affiliates, sponsors, and supporters, thank you for all that you do in our collective effort to find a cure for diabetes through our "Labor of Love" charity program. For 2018, we hope to outdo ourselves by bringing the Labor of Love event to the city of brotherly love, Philadelphia, PA.

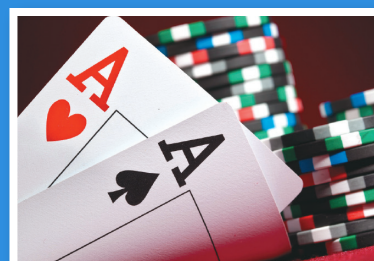

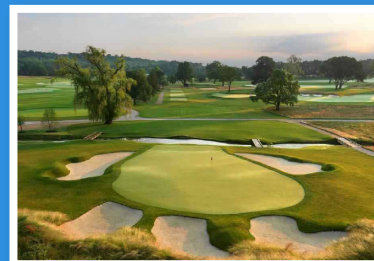

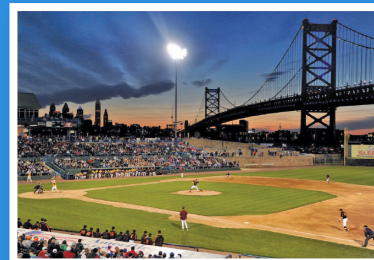

We have some extraordinary events lined up for this year's event – including the golf tourney at the Philadelphia Cricket Club, a Welcome Reception at the National Constitution Center, the Masters Golf Tournament at Stonewall Country Club, our annual Softball Slam, and a **NEW** joint event - Bowling and a Texas Hold'em Poker Tournament – that will be held at Lucky Strike.

As always, our commitment to the Diabetes Research Institute (DRI) and its efforts to find a cure remain unwavering. The DRI continues to make advances in research and I would encourage you to check out their website – www.diabetesresearch.org to learn more.

Thank you again for partnering with us for the past 31 years and making NABTU's Labor of Love the foremost charitable initiative dedicated to finding a cure for diabetes.

HOTEL ACCOMMODATIONS

The 2018 Labor of Love will head to the historic Warwick Rittenhouse Square Hotel in Philadelphia, PA (220 S. 17th Street) at the group rate of \$209/night (plus taxes). The room block will open up at the end of January and the reservation information will be included in the registration package.
