JUNE 12-14, 2022
ATLANTIC CITY, NJ

COVID-19 SAFETY PROTOCOLS

New Jersey is strongly encouraging both vaccinated and unvaccinated individuals to wear a mask and social distance in indoor settings where there is increased risk, including:

- Crowded indoor settings
- Indoor settings involving activities with close contact with others who may not be fully vaccinated
- Indoor settings where the vaccine status of other individuals in the setting is unknown

For New Jersey's most up-to-date policies on masking and other safety protocols, please visit <https://www.nj.gov/health/cd/topics/ncov.shtml>

COVID-19 VACCINATION REQUIREMENT FOR INDOOR EVENTS

To promote safety and well-being, NABTU will require attendees to be fully vaccinated for COVID-19 prior to participating in any indoor Labor of Love events. Please review and sign the attached *Self-Certification of Vaccination Status* form. The form on the inside schedule page of this document must be completed, signed and submitted to Rob Severn (severn@nabtu.org) no later than June 6, 2022.

Thank you from Chairman Sean McGarvey...

With our Labor of Love event back on the horizon, North America's Building Trades Unions are pleased to announce that our 2022 program will be held in Atlantic City, New Jersey.

In AC, we will have the opportunity to play two fabulous courses steeped in golf history. Our Masters Tournament will be held at Atlantic City Country Club, which lies on the bay and marshes of the Atlantic Ocean. For our Labor of Love tournament and awards ceremony on Tuesday, we have reserved SeaView Golf Resort's Bay and Pine courses, which offer a true challenge, whether it be the coastline winds or the Jersey pines. We didn't stop there; Sunday night will feature a new Opening Reception Event at Ocean Casino's Indoor Top Golf, and don't miss Monday's trifecta - a Fishing Tournament, Clay Shoot and Welcome Reception at Harrah's Pool where our annual Poker Tournament will be played.

As for the DRI, the scientists continue to make great progress toward a cure for diabetes through innovative discoveries. They are unlocking the mysteries of the immune system to protect insulin-producing cells, while creating more of these cells to treat millions living with this disease. Looking ahead into 2022, the DRI is working to speed promising research through new patient trials, building on the research that already has been life changing for the people who have participated in these studies.

What the DRI's research has taught us and the global community over the past 36 years is that a cure is inevitable, and I am certain our combined efforts will bring an end to this disease.

I would encourage everyone to visit the DRI website – diabetesresearch.org and see their efforts to unwrap the genesis behind diabetes and the strides made throughout the pandemic. As for NABTU, our commitment to the DRI is steadfast; our annual Blueprint for Cure Campaign efforts through the Labor of Love and Dad's Day program are an impetus behind finding a cure.

As Chairman, and on behalf of the Building Trades and the Diabetes Research Institute Foundation, I would like to personally express our thanks and gratitude for your many years of support, especially these past 24 months. We are encouraged by the continued efforts of the DRI to attack this disease, and we appreciate your steadfast commitment to improving the lives and health of our members and their families.

Thank you for standing beside us as we Finish the Fight Together!

We look forward to seeing you in Atlantic City.

Sincerely,

Sean McGarvey

LiUNA!

As a condition of attendance and participation in any indoor Labor of Love event, I attest that I have been fully vaccinated against COVID-19. "Fully vaccinated" means it has been at least two weeks since receiving the second dose of a two-dose series (e.g., Pfizer or Moderna), or a single dose of a one-dose vaccine (e.g., Johnson & Johnson/Janssen).
