### Why Jessica Was Nominated

I am nominating Jessica Walters because of her work ethic, her determination to learn this trade, her positive attitude, and just for being an all around great human being. She has a great support system in her family, they seem to have taught her nothing in life is given to you. You have to earn it and be smart about it. She likes to have fun in class but also knows when its time to work, she is willing to jump right in with the best of them. I hope to see her turn out and become what I think would be a great Journey person to have on our side.
