Why Annet Was Nominated

Annet is the shining example of what can be done when someone puts their mind to it. Annet has never wanted her gender to be an excuse for an easier path to success. She has always wanted to put in the work to receive the rewards. Annet is the first female Trustee, E-Board member, and foreman in our local's history. She instills this work ethic in her shop and the all-female union trades group here in San Diego known as the Building Trades Sisters that she created and is the President of. Her positive attitude and relentless work ethic are infectious to those around her and I can't think of anyone that deserves more accolades for everything she means to our local and those lucky enough to be around her.
