

Julia Kunze

Tradeswomen Heroes Award
Winner - August 2022

Level of Experience: Apprentice

Years in Trade: 3

Union: UA

Local: 34

City: St. Paul, MN

Bio

Julia Kunze is a third-year Apprentice Plumber with Local 34 and a young mother. She started as a plumber helper spring of 2019 and joined our apprenticeship program in January of 2020. Julia currently works for 3D mechanical.

Why Julia Was Nominated

Julia Kunze is a great apprentice and awesome union and community member.

Julia has a solid work record in our local. She is always on time and ready to go. Julia is the type of employee you can always count on.

Her participation and engagement in school are outstanding and an example to others.

Julia is in attendance at every union meeting. She is always engaged and wants to participate. Julia consistently volunteers at our picnics, community events, and industry events. Whenever I ask for Julia's participation, she is there for her union and her community. I recently asked her to take a second service call during our waters off event and she did not hesitate to say yes to the additional volunteer work to help a disabled veteran in the community.

Julia is not only raising a child but is making a career as a plumber and is always thinking about others. Without hesitation, I nominate Julia Kunze as an Apprentice Tradeswoman Hero.
