EFFECTIVE APRIL 3, 2022**

THIS AGREEMENT entered into this 3rd day of April 2022, by and between Walt Disney World Co., hereinafter called "Company," and the North America's Building and Trades Unions and Craft Maintenance Council, the Walt Disney World Craft Maintenance Council, the International Unions and Local Unions, whose names are subscribed hereto, and who have, through their duly authorized officers, executed this Agreement hereinafter collectively called "Union."

ARTICLE 1 - PURPOSE

SECTION 1. Whereas the maintenance of the Company's facilities will require a large number of employees and the orderly and uninterrupted maintenance of the facilities of the Company is of significant interest to the economy of the State of Florida and of mutual interest to the parties hereto, and it is the purpose of this Agreement that all work shall proceed efficiently, without interruption, and with due consideration of the protection of labor standards, wages, benefits, and working conditions.

SECTION 2. Therefore, the parties hereto have entered into this Agreement to establish fair wages, working conditions, and benefits and to put into practice effective and binding methods for the settlement of all misunderstandings, disputes, or grievances that may arise between the parties hereto to the end that the Company is assured complete continuity of operation and that labor management peace is maintained.

ARTICLE 2 - RECOGNITION

The Company recognizes the Union as the exclusive collective bargaining representative of the Maintenance employees in the job classifications listed in Addendum "A" at Walt Disney World Resort in Bay Lake, Florida, but excluded are other employees, computer programmers, data processors, draftsmen, engineers, office employees, nurses, professional employees, guards, and supervisors, as defined in the Labor Management Relations Act, 1947, as amended.

ARTICLE 3 - SCOPE OF THE AGREEMENT

SECTION 1. AREAS INCLUDED IN THE AGREEMENT This agreement relates only to the Walt Disney World Resort comprising:

MAGIC KINGDOM, EPCOT, Disney's Hollywood Studios, Disney's Yacht & Beach Club Resorts, Disney's Caribbean Beach Resort, Disney's Contemporary Resort, Disney's Fort Wilderness Resort, Disney's Wilderness Lodge, Disney's Grand Floridian Beach Resort, Disney's Port Orleans Resort, Disney's Polynesian Resort, Disney's All-Star Resorts, Typhoon Lagoon, Disney Springs, Reedy Creek Energy Services,

ARTICLE 4 - MANAGEMENT RIGHTS

SECTION 1. Except as expressly and clearly limited by the terms of this Agreement, the Company reserves and retains exclusively all of its normal and inherent rights with respect to the management of the business, including but not limited to: the ability to create, add, amend, and/or rescind any or all employee discounts, complimentary admission, Main Entrance Passes, recognition awards, celebrations and similar type privileges and perks as long as uniformly applied on the same basis to all employees of the Company, including non- bargaining unit employees and salaried employees; its rights to hire, select, determine qualifications, direct, supervise, and control the manner, means and details by which employees perform their work duties as well as the ends to be accomplished; to determine the size of the work force, including the number of employees assigned to any particular classification of work; to operate the business, including both establishing and making changes to the direction, promotion, transferring of employees, and hours of operation; to subcontract work; to establish and change work schedules and assignments; to lay off, terminate, or otherwise release employees from duty for lack of work or other just cause; to make and enforce rules for personal grooming and the maintenance of discipline; to discontinue conduct of its business or operations in whole or part; to institute technological changes; to determine the appropriate equipment, supplies, methods and otherwise to take such measures as management may determine to be necessary to the orderly efficient, and economical operation of the business. Any dispute arising out of an interpretation of this Article will be subject to the provisions of Article 7.

SECTION 2. BUSINESS SEGMENT DISCONTINUATION/SALE OR LEASE OF ASSETS

- (a) The Company may discontinue business segments or sell/lease physical assets which include the operations without notification to or bargaining with the Union regarding the decision to discontinue, sell or lease. The parties agree and understand that the sale or lease of a physical asset may result in the continuance of operations by the third party at the Walt Disney World Resort and that such continuance of operations associated with the asset does not constitute subcontracting as defined in Article 5.

Should such discontinuation/sale/lease affect any positions covered by this Agreement, the Company will provide the Union with at least sixty (60) days' notice prior to the completion of the transaction and, upon request, meet and negotiate in good faith with the Unions to the full extent required by law with regard to the effect of the transaction on employees covered by this Agreement, including, but not limited to severance conditions, transfer within the unit, and/or the potential for continued employment with the purchaser. It is understood however, that agreement between the parties as a result of such negotiations is not a prerequisite to the completion of the transaction at any time after the sixty (60) days have elapsed.

- (b) Should the Company subsequently re-acquire and begin to operate a business segment previously discontinued, sold, or leased pursuant to 2(a) above, such business segment shall automatically be included within the Scope of the Agreement defined in Article 3, Section 1.

ARTICLE 5 - SUBCONTRACTING

SECTION 1. During the term of this Agreement, the Company agrees that it will not subcontract work for the purpose of evading its obligations under this Agreement. However, it is understood and agreed that the Company shall have the right to subcontract:

- (a) Where such work is required to be sublet to maintain a legitimate manufacturer's warranty; or
- (b) Where the subcontracting of work will not result in the termination or layoff of any Regular Full Time employee qualified and classified to do the work within the stated business unit, i.e. Parks, Resorts, Central Shops, Reedy Creek Energy Services, Regional Areas, Recreation and Sports. Furthermore, the parties agree that the Company may subcontract maintenance work while employees in the affected classifications are on layoff provided that the specific subcontract does not directly result in additional employees being laid off, or
- (c) Where the employees of the Company lack the skills or qualification or the Company does not possess the requisite equipment for carrying out the work; or where
- (d) Because of size, complexity, or time of completion, it is impractical or uneconomical to do the work with Company equipment and personnel.

SECTION 2. When the Company exercises its contractual right to subcontract work pursuant to the terms above, it will consider Buena Vista Construction Company first whenever practical and economical. If Buena Vista Construction Company is selected as the subcontractor, the decision to subcontract that work shall not be subject to the provisions of Article 7 of this Agreement.

The decision as to whether Buena Vista Construction Company is selected as the subcontractor, however, is at the Company's sole discretion, but will be discussed with the affected Unions upon request.

SECTION 3.

- (a) Whenever the Company exercises its contractual right to subcontract work pursuant to this Article, and where such decision is primarily, if not exclusively, based upon the economic rates and/or working conditions which would apply to such subcontracted work had it been done under this Agreement, the Company will advise the Union of its intent prior to the decision being final. The Company will review and consider any proposals or positions which the Union wishes to put forward as to the willingness and ability of employees under this Agreement to undertake the subcontracted work on revised terms. Such review and consideration will be undertaken by the Company in good faith, with due appreciation for the continued employment of persons represented by the Union under this Agreement; however, the final decision is at the Company's sole discretion.
- (b) The Company shall notify the Unions annually of the Company's planned work schedule and work which shall be contracted on an open purchase-order or "sole source" basis. The purpose of such meeting shall be to inform the Unions of available work opportunities which the Unions may encourage union contractors to pursue.
- (c) The administration of this Section will be governed by a Side Letter of Agreement which will address such details as: the type of work covered, response time periods, and process specifics.

ARTICLE 6 - WORK STOPPAGES AND LOCKOUTS

SECTION 1. During the existence of this Agreement, there shall be no strikes, picketing, work stoppages, or disruptive activity by the Union or by any employee, and there shall be no lockout by the Company.

SECTION 2. Failure of any Union or employee to cross any picket line established at Walt Disney World Resort is a violation of this Agreement.

SECTION 3. The Union shall not sanction, aid or abet, encourage or condone a work stoppage, strike or disruptive activity at Walt Disney World Resort and shall undertake all possible steps to prevent or to terminate any strike, work stoppage, or disruptive activity. No employee shall engage in activities that violate this Article. Any employee who participates in or encourages any activities which interfere with the normal operation of Walt Disney World Resort shall be subject to disciplinary action, including discharge. The Union shall not be liable for acts of employees for which it has no responsibility. The failure of the Company to exercise this right in any instance shall

not be deemed a waiver of this right in any other instances, nor shall the Company's right to discipline all employees for any other cause be in any way affected by this Section.

SECTION 4. Disputes between the Unions, parties hereto and any concessionaire operating in Walt Disney World Resort shall be so handled as not to interfere with the Company's business or the business of any other concessionaire not a party to such disputes. No picketing or concerted action against any one or more of the concessionaires will be conducted at Walt Disney World Resort or near or around the entrance or exit of Walt Disney World Resort.

"Concessionaire" as used herein, includes a concessionaire and also a licensee, exhibitor, participant, sponsor, contractor, or subcontractor, but it is not intended that concessionaires shall engage in regular maintenance work as defined by this Agreement. In the event any other organization pickets at or near Walt Disney World Resort, the Unions signatory hereto agree that such picket line so far as they and the employees they represent are concerned shall not affect the operations of the Company or concessionaires who are not involved in the dispute.

SECTION 5. Any party to this Agreement may institute the following procedure in lieu of or in addition to any other action at law or equity, when a breach of this Article is alleged.

- (a) The party invoking this procedure shall notify Roger Abrams, whom the parties agree shall be the permanent Arbitrator under this proceeding. In the event the permanent Arbitrator is unavailable, he/she shall appoint his/her alternate. Notice to the Arbitrator shall be by the most expeditious means available, with notice to the Business Manager of the Union alleged to be in violation of the Agreement, and a copy to the Union Co-chairman of the Walt Disney World Grievance Arbitration Committee.
- (b) Upon receipt of said notice, the Arbitrator named above or his/her alternate shall set and hold a hearing within twenty-four (24) hours.
- (c) The Arbitrator shall notify the parties of the place and time he/she has chosen for this hearing. Said hearing shall be completed in one session, with appropriate recesses at the Arbitrator's discretion. A failure of any party or parties to attend said hearing shall not delay the hearing of evidence or issuance of an Award by the Arbitrator.
- (d) The sole issue at the hearing shall be whether or not a violation of this Article has in fact occurred and the Arbitrator shall have no authority to consider any matter in justification, explanation, or mitigation of such violation or to award damages, which issue is reserved for court proceedings, if any. The Award will be issued in writing within three (3) hours after the close of the hearing, and may be issued without an Opinion. If any party desires an Opinion, one shall be issued within fifteen (15) days, but its issuance shall not delay compliance with, or enforcement of the Award. The Arbitrator may order cessation of the violation of this

Article and other appropriate relief, and such Award shall be served on all parties by hand or registered mail upon issuance.

- (e) Such Award may be enforced by any court of competent jurisdiction upon the filing of this Agreement and all other relevant documents referred to hereinabove, in the following manner. Notice of the filing of such enforcement proceedings shall be given to the other party. In the proceeding to obtain a temporary Order enforcing the Arbitrator's Award as issued under Section 5 (d) of this Article, all parties waive the right to a hearing and agree that such proceedings may be ex parte. Such Agreement does not waive any party's right to participate in a hearing for a final Order of Enforcement. The Court's Order or Orders enforcing the Arbitrator's Award shall be served on all parties by hand or by delivery to their last known address or by registered mail.
- (f) Any rights treated by the Statute or Law governing arbitration proceedings inconsistent with above procedure, or which interfere with compliance thereof, are hereby waived by the parties to whom they accrue.
- (g) The fees and expenses of the Arbitrator shall be divided equally between the moving party or parties and the party or parties' respondent.

ARTICLE 7 - GRIEVANCE PROCEDURE

The parties to this Agreement agree that any grievance arising out of the interpretation or application of the terms of this Agreement, with the exception of terminations and policy grievances which will be expedited to Step 2, shall be settled promptly in accordance with the following procedure:

SECTION 1. DEFINITIONS:

- (a) **Grievance:** A grievance, within the meaning of this procedure, is defined as a dispute or difference of opinion between the parties concerning the meaning, interpretation, application, or alleged violation of this Agreement.
- (b) **Time Limits:** The parties recognize that it is important that grievances be processed and resolved as rapidly as possible; therefore, the number of days indicated at each step of the Grievance Procedure should be considered as a maximum, and every effort should be made to expedite the process. The term "working days" is interpreted to mean days other than weekends and holidays. The time limits specified may be extended by mutual agreement as evidenced by a waiver in writing signed by an authorized representative of the Company and the Union; otherwise, the grievance shall be regarded as withdrawn.
- (c) **Company Grievances:** Should the Company believe that a signatory Union is not complying with the terms of this Agreement, the Company may initiate and process a grievance concerning the meaning, interpretation, or

application of this Agreement. Company grievances will be commenced at Step 2.

SECTION 2. PROCEDURE.

Step 1. Any employee, believing that he/she has suffered a grievance, shall discuss the matter with his/her immediate Supervisor. The employee may choose whether to discuss the matter with his/her Supervisor with or without the assistance of his/her Steward. If a satisfactory resolution is not reached, the employee may initiate Step 2 below.

Step 2. In order to be deemed timely, a grievance must be submitted in writing to Labor Relations within five (5) working days after its occurrence, or within five (5) working days after the employee has had a reasonable opportunity to become aware of the occurrence, whichever is later. The grievance shall set forth the relevant information concerning the grievance, including a short description of the alleged grievance, the date on which the grievance occurred, and an identification of the Section of the Agreement alleged to have been violated. The Union shall immediately forward copies to the Craft Maintenance Council Chairman and the Administrator, North American Building Trades Union. The Labor Relations Department shall immediately forward copies to the employee's Division Director/General Manager. The Division Director/General Manager or his/her designated representative, the employee's Steward, the Business Representative, the Administrator, North American Building Trades Union, and the Labor Relations Representative shall meet within five (5) working days after invocation of Step 2 in an attempt to settle the grievance. It shall be incumbent upon the parties to schedule a meeting within five (5) working days. The Company shall provide the applicable union with a written reply from the Division Director/General Manager or his/her designee, within five (5) working days after the parties have met. If the Company fails to give a written reply within the time limits provided, the grievance will automatically be appealed to the next step of the Grievance Procedure.

Step 3.

- (a) A Step 3 grievance is timely if submitted in writing to Labor Relations within seven (7) working days from the Step 2 decision.
- (b) If the grievance was submitted but not adjusted under Step 2, either party may within five (5) calendar days after receipt of the written reply request in writing that the grievance be submitted to a Joint Standing Committee. The Joint Standing Committee shall consist of one representative of the Company and one representative of the signatory Union(s).
- (c) The Joint Standing Committee shall meet periodically to investigate, review, and if necessary, conduct a hearing of all outstanding grievances referred to it. Decisions of the Joint Standing Committee shall be final and binding upon all parties at interest. The Joint Standing Committee shall provide a written determination of all cases reviewed within five (5) calendar days after it has met. If the Joint Standing Committee is unable

to resolve a grievance before it, the grievance may be appealed to the next Step of the grievance procedure.

- (d) Either party may elect to appeal the grievance directly to Step 4.

Step 4

- (a) If the grievance has been submitted, but not adjusted, under Step 3, the Company or Union may submit the grievance to Arbitration.
- (b) All termination related grievances must be submitted in writing for arbitration to Labor Relations within seven (7) working days from the Step 3 decision to be deemed timely.
- (c) The moving party is responsible for the scheduling of the arbitration within 30 days of being submitted.
- (d) Any grievance, with the exception of termination related grievances, shall be deemed to be waived or abandoned if not resolved within one (1) year from the date of the Step 2 grievance being filed with Labor Relations unless all the Steps and time limits are properly invoked within the period specified unless otherwise mutually agreed upon. In case of default by the Company within the one (1) year timeframe, the grievance will be granted. In case of default by the Union within the one (1) year timeframe, the grievance will be considered withdrawn, waived or abandoned.
- (e) In the event an arbitrator cannot be mutually agreed upon within five (5) working days after the written demand for arbitration has been served the following shall apply. There shall be a permanent panel of four (4) arbitrators, Donald Crane, Martin Holland, Marsha Murphy, and James Odom to hear and determine the specific grievance. The arbitrators shall serve on a rotating basis in alphabetical order by last name. An Arbitrator will be passed in rotation and the parties will proceed to select the next Arbitrator on the list if: the Arbitrator is unable or unavailable to conduct the hearing within thirty (30) days of being selected, unless the Company and Union mutually agree to waive the time limit; or an assigned case is settled at any time prior to the Arbitrator rendering a decision. The Arbitrator shall be the sole arbitrator to hear and determine the matter. The decision of the Arbitrator shall be final and binding on all parties with no further appeal, except for reasons of setting aside an Arbitrator's Award.
- (f) A new panel of Arbitrators may be selected every two (2) years if mutually agreed upon by the Company and the Union.
- (g) Only one grievance shall be before a specific Arbitrator at one time, except by mutual agreement of the parties.

- (h) The Arbitrator must submit the decision to the parties within thirty (30) calendar days of the hearing date or the date on which post hearing briefs are submitted to the Arbitrator, whichever is later.

SECTION 3. GRIEVANCE SETTLEMENTS

A grievance having been settled at any step of the grievance procedure will be effected no more than five (5) working days after the date of the settlement agreement.

SECTION 4. GRIEVANCE PROCEDURE REPRESENTATIVES

The parties agree that Company and Union representatives involved in the grievance procedure shall be vested with the authority to reach a binding resolution of the grievance.

ARTICLE 8 - DISCIPLINE AND DISCHARGE

SECTION 1. STANDARD OF CONDUCT: High standards of conduct are necessary to preserve the Company's public image and to insure a safe, harmonious, and productive working atmosphere. The Company shall administer the sections of this Article with due consideration for the employee. Such consideration shall include length of service, work record, and seriousness of violation.

SECTION 2. DISCIPLINE: Discipline must be for just cause. The employee has the right, upon request, to have the presence and advice of his/her Union Representative before any disciplinary action, or questioning for the purpose of such action, is taken. The employee has the right to the presence and advice of his/her steward at the time of disciplinary action. In any formal questioning by supervision and/or Security that could lead to disciplinary action, the employee will be informed of the purpose of the questioning and that he/she has a right to a steward's presence.

SECTION 3. DISCIPLINARY PROGRESSION: The disciplinary progression will be verbal, verbal, written, termination.

SECTION 4. DISCIPLINARY DURATION: Verbal reprimands, written reprimands, and suspensions shall not be considered as a basis for further disciplinary action after six (6) months from the date of issue, with the exception of attendance discipline which shall be twelve (12) months in accordance with Section 8.

SECTION 5. REPRIMANDS:

- (a) Verbal Reprimand(s). A verbal reprimand will be issued for less serious violations. A verbal reprimand should indicate that a reprimand is being administered relative to a specific subject or subjects and the employee will receive a written record of the fact that such reprimand has been given and will acknowledge receipt by signing a file copy.

- (b) Written Reprimand(s). Written reprimand(s) may be given to an individual after two (2) verbal reprimand(s) for the same type of offense or upon a single occurrence when the offense is of a more serious nature but not serious enough to warrant immediate dismissal or suspension. Whenever the Company reduces a reprimand to writing, it shall be signed by the Supervisor who will present and discuss the reprimand with the employee. It shall also be signed by the employee, not in admission of the offense, but in acknowledgment that a copy of the reprimand has been received by the employee.
- (c) Reprimands will be issued verbally or in writing on a specific subject or subjects and will be administered by the Supervisor who will present it and discuss it with the employee. Reprimands will be presented and discussed within fifteen (15) calendar days after the occurrence, or within fifteen (15) days after the immediate supervisor has had a reasonable opportunity to become aware of and complete an investigation of the occurrence, whichever is later, unless prevented by the absence of the employee or extenuating circumstances beyond the control of the Company. These time limits shall not apply to discipline based on attendance, clocking or discipline as a result of a HR Compliance investigation.

SECTION 6. SUSPENSIONS:

A. Disciplinary Suspensions

An employee may be suspended without pay for up to two (2) weeks in lieu of termination **as a form of discipline**. A suspension may be issued based on a single occurrence or may be part of a disciplinary progression. The parties recognize, however, that the use of a suspension is not a mandatory component of the disciplinary progression. All disciplinary suspensions shall be approved by the General Manager/Director or above.

B. Investigatory Suspensions

An employee may be placed on unpaid suspension for the purposes of completing an investigation and review of an alleged incident. The Company commits to conduct such investigations in a timely and expeditious manner. In the event an employee is placed on an investigatory suspension and is ultimately returned to work with no disciplinary suspension, they shall be paid for the entirety of their suspension. In the event an employee is issued a disciplinary suspension for less time than the length of the investigatory suspension, the employee will be paid for the remainder of scheduled shifts missed. In the circumstance where an investigatory suspension extends beyond two (2) weeks, the employee shall begin to be paid on a weekly basis until such time that the investigation is concluded and an employment decision is administered by the Company.

SECTION 7. DISCHARGE: Any employee may be discharged for just cause, which includes, but is not limited to the following:

- (a) Dishonesty.

1. Dishonesty is defined as "disposition to defraud or deceive." Examples of dishonesty as a reason for termination include, but are not limited to: theft of Company property, theft of another employee's property, falsification of time documents.

 - (m) Sleeping while on duty.
 - (n) Sexual harassment.
 - (o) Possession of dangerous or unauthorized materials such as explosives, firearms, or other similar items on Company property.

**SECTION 8. WALT DISNEY WORLD ABSENTEEISM AND TARDINESS

f) Subsequent consecutive call-ins for the same illness or injury will not count as an additional occurrence

g) The first six (6) call-sick days, paid or unpaid, per rolling twelve (12) month period, will not count against the attendance matrix. **When an employee calls in sick and has available time in their sick bank, that time shall be automatically applied to cover the absence. If a shift is fully covered by paid sick time no attendance occurrence will be incurred.**

The Company reserves the right to discipline outside of this matrix when an employee habitually abuses the medical leave and/or medical release of shift provisions of this Article.

² Release of shift for medical reasons shall include physical therapy which cannot be scheduled outside the employee's normal shift.

³ An ADO is defined as an "authorized day off" and utilized exclusively to reduce labor hours. ADO's may not be given to accommodate an employee request.

2. An Employee's failure to notify the Company of his/her absence prior to the start of his/her shift may be subject to disciplinary action not excluding termination for poor judgment.
3. Any twelve (12) month period free from discipline will result in beginning again at the first step of progressive discipline.
4. All references to time periods in this Article refer to continuous work periods specifically excluding any leaves of absence.
5. Must be employed by the Company and working under the Craft Maintenance Agreement for a period of one (1) year in order to be eligible for the Call **Sick** Free Days.

SECTION 9. CLOCK IN/CLOCK OUT STANDARD

Beginning with 12 points in any 365 days = reprimand

Tracking:

Procedures:

Effective no earlier than 180 days after ratification of the Agreement, employees are not permitted to clock in greater than five (5) minutes prior to the start of their shift or greater than five (5) minutes after the end of their shift unless approved in advance by Management. Employees will be compensated for up to five (5) minutes of their recorded pre-shift time and/or up to five (5) minutes of their recorded post-shift time. Payment for this pre-shift and/or post-shift time shall be subject to the same terms and conditions applicable to work time under this Agreement, including but not limited to the rules governing overtime work and overtime compensation. Employees who clock in before the start of their shifts or who clock out after the end of their shifts will receive the discipline outlined above, and are not permitted to perform job duties during that pre-shift and/or post-shift time.

Employees must utilize the time recording clock to which they are assigned unless otherwise directed by Management.

It is the responsibility of the Employee to inform Management of a lost or stolen ID card before the end of his or her shift.

- (d) The Company reserves the right to discipline outside this matrix when an Employee habitually loses possession of or damages his/her ID card.

ARTICLE 15 - ALCOHOL AND DRUG ABUSE POLICY

For purposes of this Agreement, the terms "drug" or "drug tests" shall include both drugs and alcohol, as appropriate. The terms of this provision have no application to an employee's voluntary utilization of the Employee Assistance Program.

SECTION 1. Bargaining unit employees will be subject to drug and alcohol testing under the following circumstances:

- (a) Where there is an objective reasonable basis that an employee has an in-system presence of any illegal drug, controlled substance or alcohol, hereinafter referred to as "substances," while on duty or on Company property immediately preceding or following the work shift. For purposes of this Agreement, the terms "employee" or "bargaining unit employee" includes not only persons employed in positions covered by the Union collective bargaining agreement, but also persons being recalled into such positions.
- (b) As part of a post-accident investigation in cases where:
 - 1. The individual(s) subject to testing is directly linked to the accident.
 - 2. The accident resulted in death, injury requiring medical treatment other than basic first aid, or property damage estimated to exceed \$4,500.00.

Testing associated with an accident will take place as soon as possible, under the circumstances.

- (c) A government agency duly concerned with Walt Disney World Resort (i.e., Department of Transportation, etc.) advises the Company that employees in specified classifications will be required to undergo job certification physical examinations, including drug tests as a condition of future employment. In such instances, the Union shall be given immediate written notice of any such requirement or proposed requirement. Such testing shall be conducted in accordance with the government regulations and the procedures established by this Agreement and shall not commence until the Union and the Company have had a reasonable opportunity to discuss the impact of the government directive.
- (d) All employees will be subject to random drug testing.
- (e) Random testing as a part of follow-up rehabilitation supervised by Florida Psychiatric Association.

SECTION 2. An employee will not be tested under Section 1(a) above unless his/her actions and/or conduct or other related circumstances provide an objective reasonable basis to believe that the employee may have ingested drugs or alcohol and/or is suffering from impairment that will in some way adversely affect his/her alertness, coordination, reaction, response, safety, or the safety of others, while on duty or on Company property. Such observation will be confirmed by another member of management wherever possible and will be documented. Employees will not be subject to such testing without the express consent of a senior member of management different from the observation supervisors, which shall be documented within 24 hours or the next business day (Monday thru Friday). Random testing will be permitted only as a follow-up to rehabilitation and only for a reasonable period of time after rehabilitation, not to exceed one year.

SECTION 3. Any employee directed for testing shall be informed of his/her right to the presence of a Shop Steward in pre-test meetings with management. Provided a Shop Steward has been requested and is available, no specimen will be collected until the Shop Steward can discuss the matter with management. The Union agrees that this section shall not operate in a manner that will impede timely collection of a biological specimen. Refusal to provide a biological specimen will result in immediate discharge without an opportunity at a later date to reconsider/retract the refusal.

SECTION 4. Any employee who tests negative to any drug test under this Agreement (other than random tests as a follow-up to rehabilitation) shall be compensated for all lost time, at the appropriate wage rate. Time lost under such circumstances shall be treated as time worked for purposes of overtime premium eligibility.

SECTION 5. Specimen collection for a drug test will be accomplished in a manner compatible with employee dignity and privacy. There will be no strip searches

or opposite sex observation. In the usual case, the Company will not observe specimen production, but the Union agrees that specimen production may be closely monitored in those cases where the Company has a specific objective reason to believe that the employee may attempt to contaminate a test specimen. Any evidence of any form of tampering, altering, or diluting of a specimen will result in discharge.

SECTION 6. Test specimens shall be sent only to laboratory facilities certified by the U.S. Department of Health and Human Services under the National Laboratory Certification Program and designated by the Employer. The drug test laboratory and the specimen collection facility must establish and maintain a forensically acceptable chain of custody. It will be the burden of the Company to establish, in any case arising from a positive test result, that the appropriate chain of custody has been maintained.

The laboratory(s) selected must, upon request, identify the drugs tested for, the methods used, the manufacturers of the test, the analytical limits and levels used, the methods of reporting results and the chain of custody procedures used to produce forensically acceptable test results.

To be qualified under this section, the laboratory must participate in a program of "blind proficiency" testing where they analyze samples sent by an independent party.

SECTION 7. The drug test will be performed utilizing urinalysis to screen for the following substances:

- Amphetamines
- Cocaine
- Marijuana
- Opiates
- Phencyclidine

If the employee has a medical reason certified by his/her primary care physician that prevents a urine specimen collection, an alternate method may be used for the screening.

The initial test shall use an immunoassay that meets the requirements of the Food and Drug Administration for Commercial Distribution.

All specimens identified as positive in the initial test will be confirmed by a second procedure. Gas chromatography/mass spectrometry or an equivalent scientifically acceptable method of confirmation will be used. All confirmed positive test results will be verified by a Medical Review Officer prior to release to the Company.

The Medical Review Office, upon written request from the employee, will report test results to the Craft Maintenance Council Chairman. Specimen collection shall be accomplished at laboratory facilities certified by the U.S. Department of Health and Human Services under the National Laboratory Certification Program and designated by the Employer.

SECTION 8. The initial drug test levels and confirmatory drug test levels shall be those contained in the, U.S. Department of Transportation's Procedures for Transportation Workplace Drug and Alcohol Testing Programs, and may be modified to incorporate any changes it makes to the testing levels and/or the substances for which testing is performed.

In the event that the Company elects to utilize tests other than the EMIT screen or the GC/MS Confirmation, the Company will give the Union written notice of the test methodology used and the threshold levels employed.

- (a) Positive thresholds for any other test methodologies will be reviewed with the Union before they are applied. Any dispute over the acceptability of such alternative test methodologies or the positive test threshold to be applied shall be resolved by arbitration.
- (b) It will be the burden of the Company to establish the acceptability of the test and the reasonableness of the threshold.

SECTION 9. The laboratory shall preserve a sufficient aliquot specimen as to permit independent confirmatory testing by the employee and follow-up re-analysis at the request of the Union or the employer. Any re-analysis performed will be done on the original sample provided. The Medical Review Officer shall endeavor to notify the employer and the employee of positive test results within five (5) working days after receipt of the specimen. The employee may request, in writing, a re-analysis within three (3) working days from notice of positive test result. Additionally or as an alternative, the employee may have the sample tested at a certified laboratory of his/her choice. Should this test result be negative, the test results will be considered negative.

SECTION 10. Initial tests and re-analysis requested by the Company will be paid by the Company; costs of re-analysis for reconciliation will be split between the employee and the Company. In the event the initial test is proven to be a false positive the employee shall be reimbursed for the cost of test procedures paid for by the employee.

SECTION 11.

- (a) The Company will test the employee through an evidentiary alcohol breath analyzer which conforms to the same standards as cited below. The parties agree that use of an evidentiary alcohol breath analyzer, which is properly calibrated and which is operated by a certified technician, shall be conclusive proof of the accuracy of the results.
- (b) Where employees elect under this policy to submit blood samples for alcohol testing, the samples will be taken in an appropriate collection facility. The collection facility and laboratory will use the same or equivalent chain of custody procedures and exercise the same or an equivalent level of professional care and scientifically accepted standards and procedures in the collection and testing of blood samples for the presence of alcohol as with urine samples for the presence of drugs.

- (c) If a test reveals the presence of alcohol at a level greater than 0.00% but less than 0.04%, the employee shall not be permitted to work for the remainder of the day. In this situation, the employee will be released from their shift (unpaid). Upon returning to duty, the employee is subject to a second alcohol test. If the second test finds any detectable alcohol concentration, the employee may be subject to disciplinary action, up to and including termination.

An employee found to have any alcohol level of less than 0.04% twice within a six (6) month period may be subject to disciplinary action, up to and including termination.

If a test reveals the presence of alcohol at a level of 0.04% or more by weight, it shall be presumed that the employee has a positive test and has violated this policy.

- (d) The Company reserves the right, prior to implementation of this policy, to abandon completely blood samples in favor of the alcohol breath analyzer referenced above, with the exception of employee-requested blood tests subsequent to a positive breathalyzer test.

SECTION 12.

- (a) No employee shall be discharged solely as the result of a positive drug or alcohol test pursuant to Section 1(a) or 1(b) above, so long as he/she agree to participate in an EAP, the cost of which will be covered by the Company provided health insurance to the extent provided under the plan terms. Failure to seek and receive EAP assistance and failure to abide by the terms and conditions of the prescribed treatment will be grounds for discharge. In instances where it is necessary, a leave of absence may be granted for treatment or rehabilitation through the EAP on the same basis it is granted for other medical conditions.
- (b) If the conduct of an employee who has tested positive is independently subject to discipline pursuant to the terms of the collective bargaining agreement, discipline will be judged by the contractual just cause standard, but use of drugs and/or alcohol shall not be a defense.
- (c) A positive random test after referral to the EAP shall be conclusive proof of just cause for termination.

SECTION 13. Test results shall be communicated by the Medical Review Officer, or the designated Company representative. The Company shall be responsible for maintaining confidentiality of test records and test results will be communicated to job site management strictly on a "need to know" basis. Employee drug test records shall not be released outside the Company medical department unless required by administrative action initiated by the employee or the Union. The employee shall be

entitled to written notification of positive drug test results. Copies of such reports will be provided to the Union when authorized by the affected employee.

SECTION 14. Except to the extent the employee withholds consent as to particular documents personal to him/her, the Company agrees to provide the Union, in advance, with whatever documentation or information the Union reasonably requires to process the grievance and/or arbitration. By establishing this policy, neither the Company nor the Union waives any legal rights. The parties agree that this drug policy shall not diminish the rights of individual employees under state or federal law relating to drug testing.

SECTION 15. The Company shall provide education for management personnel regarding observation techniques, the availability and desirability of the Employee Assistance Programs and the need for observing strict confidentiality. Supervisors will be provided guidelines for maintaining confidentiality of all drug-related information and referring employees who may have a problem to appropriate counseling. The Company and the Union will provide for all personnel, on Company time, an orientation program prior to implementation of the policy and will answer questions posed by employees regarding the policy's application.

SECTION 16. The Company agrees that it shall indemnify and hold the Union harmless against any and all complaints, claims, judgments, or demands that may arise out of, or in any way are related to, the Union's negotiation or participation in the foregoing drug policy applicable to bargaining unit employees and applicants, or the Company's activities in carrying out this drug testing program.

Unless required to deviate for reasons of employee qualifications necessary for the efficient operation of the Company, the Company shall adhere to seniority for layoffs, recalls, transfers, days off, vacation selection, and in establishing work schedules by central or area location. Any deviation from seniority in these areas will be discussed with the Union prior to implementation. - (a) Employees shall not accumulate more than two (2) times their current annual vacation hours. For example, if an employee is currently accruing eighty (80) hours of vacation, he/she may accumulate a maximum of one hundred-sixty (160) hours of vacation; if currently accruing one hundred-twenty (120) hours of vacation, he/she may accumulate a maximum of two hundred-forty (240) hours of vacation; and if currently accruing one hundred-sixty (160) hours of vacation, he/she may accumulate a maximum of three hundred-twenty (320) hours of vacation.
- (b) When the vacation cap is reached (two (2) times their current annual vacation hours), an employee will cease to accrue any additional vacation time until vacation hours are taken. An employee will again begin to accrue vacation only after he/she is below his/her cap. Vacation accrual is not retroactive to the date on which the accrual ceased.

SECTION 6. PAY RATE FOR VACATIONS

Vacations will be paid at the straight-time rate in effect at the time the vacation is taken. An employee will be paid his/her stated straight-time hourly rate plus any appropriate stated shift premium or Working Foreman differential being received by him/her immediately prior to the time he/she takes his/her vacation. This rate should be the same base rate which is used in computing overtime.

SECTION 7. VACATION SCHEDULING

- (a) Due to the nature of the Company's operations and requirement for specified skills, vacations will be scheduled by the Company. Consideration will be given to requested time by the employee whenever possible. The employees with greater length of classification seniority will be given preference in the event of a conflict of dates affecting two (2) or more employees.
- (b) Employees must have their requested vacation submitted to supervision by December 31 of the previous year. Any vacation time that is requested in contiguous weeks will be considered as one choice. Vacation schedules will be posted during the month of January for the respective calendar year.
- (c) Vacation request(s) received outside of the regular vacation schedule bid will be answered as soon as reasonably practical no later than sixty (60) days prior to the start date of the requested vacation.

SECTION 8. TERMINATION

- (a) All Regular Full Time employees who have been continuously on the payroll for nine (9) months or longer and who terminate their employment shall receive payment for all unused vacation hours based on the number of straight-time hours worked in accordance with the foregoing applicable formula.
- (c) Employee will not lose pro-rata vacation allowance in the case of termination except if terminated for drunkenness, dishonesty, or illegal use or possession of controlled substances.

ARTICLE 30 - RETIREMENT AND WELFARE

SECTION 1. DEFINED BENEFIT

- (a) All employees hired prior to April 2, 2006 will be eligible to participate in the Disney Associated Companies' Retirement Plan. During the term of this Agreement the employee's portion of contribution to the Retirement Plan shall be seven cents (\$0.07) per hour for all hours worked, not to exceed forty (40) hours per week. Contributions will be for the second (2nd) through and including the fifth (5th) year of participation. While this Agreement is in effect, the Company agrees to keep in effect its presently existing Disney Associated Companies' Retirement Plan. The Plan is and shall continue to be qualified under the Employee Retirement Income Security Act of 1974, as amended, and shall otherwise conform to applicable laws. However, nothing contained herein shall constitute or be considered a waiver or forfeiture of any right, power or discretion which the Company may have, notwithstanding such laws, rules or regulations. The Company will pay the complete contribution for employees in the first (1st) year of participation and for all years after five (5) credited years of participation in the Plan. Vesting requires five (5) credited years of service. Copies of the Disney Associated Companies' Retirement Plan will be furnished to the Union.
- (b) See Addendum E for schedule.
- (c) The Disney Associated Companies' Retirement Plan ("Retirement Plan") provides for health benefits for certain retired employees. Employees with an original hire date after April 2, 1994, shall not be eligible for Retiree Health Benefits. Employees with a rehire date after April 2, 1994, also will not be eligible for Retiree Health Benefits, except in very limited circumstances provided below.

Any employee hired prior to April 2, 1994, will be eligible for Retiree Health Benefits commencing at age sixty-five (65), if he/she meet the Service Criterion and retires on or after age fifty-five (55). The Service Criterion is twenty (20) Credited years of service and thirty-thousand (30,000) Credited hours of service earned under the Retirement Plan (or under the

Disney Salaried Retirement Plan, the Disneyland and Associated Companies' Retirement Plan, or the Walt Disney Productions and Associated Companies Retirement Plan). In order to be eligible for Retiree Health Benefits, an employee must also be at least age fifty-five (55) and actually employed by the Company at the time he/she terminates his employment with eligibility for either early or normal retirement under the Plan. The age fifty-five (55) requirement will not apply to an employee whose termination of employment occurs on account of death or who terminated employment on account of a disability, which entitles him/her to disability benefits under the Social Security Act. The Retiree Health Benefits provided will be those provided on the same basis as current active employees. Retiree Health Benefits will also be provided to the retiree's or deceased employee's eligible dependents in accordance with the health plan's rules.

Any employee who will have twenty (20) or more years Credited service by December 31, 1994, but is not fifty-five (55) years of age, may terminate his/her employment no later than April 30, 1995, and remain eligible for Retiree Health Benefits at age sixty-two (62). Any employee covered under this paragraph who does not terminate his/her employment prior to May 1, 1995, will be eligible for Retiree Health Benefits if he/she meets the Criterion in the above paragraph.

An employee who is at least age sixty (60) prior to May 1, 1995, and completes the Service Criterion thereafter, will receive his/her Retiree Health Benefits commencing at the later age of sixty-two (62) or at the time he/she elects to take either early or normal retirement under the Retirement Plan. An employee who met the Service Criterion prior to April 30, 1995, will also receive his/her Retiree Health Benefits commencing at the later age of sixty-two (62) or at the time he/she elects to take either early or normal retirement under the Retirement Plan, provided that such an eligible employee who is under age sixty (60) on May 1, 1995, must terminate employment with the Company before May 1, 1995. Any employee covered by this paragraph who is rehired on or after May 1, 1995, and prior to his fifty-fifth (55th) birthday, will not be entitled to Retiree Health Benefits pursuant to the provisions of this paragraph. Eligibility, if any, for the Retiree Health Benefits will be dependent upon fulfilling the requirement of the second paragraph of this Section, subject to the rehire provisions of the following paragraph. Any employee covered by this paragraph who is rehired on or after his/her fifty-fifth (55th) birthday will remain entitled to retiree Health Benefits, under the provisions of this paragraph upon his/her subsequent retirement.

In general, any employee who terminates employment with the Company and is rehired on or after May 1, 1995, will not be eligible for Retiree Health Benefits upon subsequent retirement. However, a rehire date which occurs on or after May 1, 1995, will be ignored for purposes of the preceding rule, if the employee satisfies the requirements of Subsection (1) below and the requirements of either Subsection 2 or Subsection 3 below.

- (a) The employee has completed the Service Criterion prior to his/her rehire date; and,

- (b) The employee has reached his/her fifty-fifth (55th) birthday prior to or coincidental with his/her rehire date; or,
- (c) The employee fulfilled all of the following conditions:
 1. The employee has only one rehire date which occurs on or after May 1, 1995, and prior to his/her fifty-fifth (55th) birthday.
 2. The employee's period of termination of employment immediately prior to the rehire date is less than three hundred sixty-six (366) days.
 3. The employee's period of reemployment following his/her rehire date is at least 365 consecutive days during which he/she is credited with at least 750 Hours of Service under the Retirement Plan.

For purposes of the above rehire rules, an employee shall not be deemed to have a termination of employment and shall not be deemed to have a rehire date that occurs on or after May 1, 1995, if the employee's termination of employment is on account of a disability defined in the Retirement Plan and the employee returns to employment upon recovery from the disability, or if the employee is laid-off and recalled within twelve (12) months of the layoff. In such cases and for the purposes of this Section, such employee shall be treated as if there was no interruption in the continuity of employment. However, a layoff in excess of twelve (12) months is deemed a termination of employment as of the first (1st) day of layoff.

SECTION 2. 401K Plan

- (a) The Company agreed to provide and implement the Disney Hourly 401(k) Plan on January 1, 2013.
- (b) Eligible employees as defined in paragraphs (c) and (d) below may contribute up to fifty percent (50%) of their annual hourly straight time wages on a pretax basis, up to the maximum provided by Federal Law. Effective through December 31, 2017, the Employer will make a matching contribution equal to seventy-five percent (75%) of the first four (4%) percent of the employee contribution, for a maximum Employer contribution of three percent (3%) of straight time wages up to the IRS maximum. The Employer matching funds may be invested by the employee in any of the investment option(s) available under the Disney hourly 401(k) plan.

Eligible employees as defined in paragraphs (c) and (d) below may contribute up to fifty percent (50%) of their annual hourly straight time wages on a pretax basis, up to the maximum provided by Federal Law. Effective January 1, 2018, the Employer will make a matching contribution equal to seventy-five percent (75%) of the first four (4%) percent of the employee contribution and twenty-five percent (25%) for each additional one percent (1%), beyond four (4%), up to eight percent (8%). The

maximum employer matching contribution is four percent (4%). The Employer matching funds may be invested by the employee in any of the investment option(s) available under the Disney hourly 401(k) plan.

- (c) All Employees over the age of eighteen (18) are eligible to make contributions to the 401(k) plan.
- (d) Employees eligible to begin to receive the matching contribution from the Company, as outlined above, are defined as bargaining unit employees covered by this Agreement and will automatically be vested in the matching Employer contribution.
- (e) The Company reserves and retains the right to administer the Plan internally or through the use of an outside administrator, to change or modify the investment choices available to the participants of the Plan, to charge an administrative fee directly to participant accounts, to charge transaction fees directly to a participant account (for example, loan setup and ongoing processing fees), to modify the Plan as necessary to remain in compliance with applicable law, and to make any other design decision, change or modification to the Plan deemed appropriate by the Employer, with the exception of vesting requirements, eligibility for participation and Employer matching contributions.
- (f) Effective January 1, 2013, all new hires will be automatically enrolled in the Disney Hourly 401(k) Plan, with an automatic employee weekly contribution rate of one percent (1%) of the employee's base salary. The new hire employee will be provided with one-hundred and twenty (120) days from the date of hire to opt out of the Plan.

SECTION 3. HEALTH AND WELFARE

- (a) During the term of this Agreement, the Company will offer Group Insurance coverage and Signature Plan coverage to all eligible employees, on the same basis as provided to non-bargaining unit employees (including salaried employees) at the Company. It is understood that all employees in this unit who participate in any Company sponsored plans(s) do so on the same basis as non-bargaining unit employees (including salaried employees) generally and that, therefore, future changes in such plans which are applicable to non-bargaining unit employees (including salaried employees) generally shall apply equally and automatically to employees covered under this Agreement. By way of example, but not limitation, changes in such plan(s) may include termination in accordance with the plan terms, substitution of, or merger with, another plan or part thereof, improvements and modifications in the plan(s), creation of new plan(s), adjustment in contributions, etc...; all subject to the condition that where the changes apply equally to non-bargaining unit employees (including salaried employees) generally, the Company will not be obligated to bargain with the Union. Entitlement to pension and group insurance benefits shall be determined exclusively by

the plan terms and laws governing those benefits and not by arbitration under this Agreement.

(b) Notwithstanding (a) above:

Effective January 1, 2022 annual employee contribution rates for the current HMO shall not be increased in weekly dollar amounts greater than the following:

<u>Employee Only</u>	<u>Employee + Spouse</u>	<u>Employee + Children</u>	<u>Employee + Family</u>

(c) Eligible employees shall be defined as employees whose employment status is Regular Full Time and who work an average of thirty (30) hours or more per week. Eligible employee's coverage shall become effective the first (1st) day of the month following completion of ninety (90) days continuous service.

Effective January 1, 1993, when the Company's Benefit Plan is secondary, the benefit payable under the Company's Benefit Plan, when added to the benefit payable under the outside Primary Plan (e.g. spouse insurance, school insurance, Medicare, etc.), shall not exceed the amount that would have been provided by the Company's Benefit Plan alone for that covered expense.

The cost of optional insurance which includes additional Life Insurance and Long Term Disability shall be that of the employee.

- (d) Sick Leave: The following formula shall apply for the accumulation of paid sick leave hours each calendar year:

1200	32
900	24
600	16
300	8

The maximum amount of sick leave that may be earned in one (1) calendar year is forty-eight (48) hours. All hours paid (straight time plus overtime exclusive of the overtime premium) will be used in computing eligibility for sick leave. Unused sick leave may be accumulated up to a maximum of two-hundred (200) work hours. At the beginning of each calendar year, after employee has completed the eligibility requirement, sick leave shall be made available for his/her use during that calendar year based on the above noted hour formula in the prior calendar year. Sick leave shall be paid at the rate of pay in effect at the time sick leave is requested by the employee. Employees will not be entitled to sick leave during vacation or on days on which they were not scheduled to work. In the event the employee incurs a non-occupational illness while at work and is released from the completion of his/her scheduled shift by the medical department, the employee may apply for sick leave covering the unworked balance of that shift in amounts of one (1) hour. An employee who reports for work after the start of his/her scheduled shift due to personal illness shall not be entitled to apply for sick leave pay covering the period between the start of his/her scheduled shift and the time the employee actually started to work.

- (e) Sick Leave: With reasonable notice, Regular Full Time employees may request the use of up to six (6) days of sick leave per calendar year as personal leave days, without regard to the number of days remaining in the sick bank. Approval of the request shall be at the discretion of the employer based on a consideration of operating efficiency.
- (f) Upon the request of an eligible Regular Full Time employee, the Employer will provide payment of all accrued Sick Leave in excess of ninety-six (96) hours, on an annual basis. Such requests for payment of accrued Sick Leave will be accepted two (2) times per calendar year during any payroll week of the calendar year.

ARTICLE 31 - SANITATION AND SAFETY

SECTION 1. The Company agrees that it will furnish and maintain sanitary toilet facilities, washrooms, lockers, and changing quarters for all employees covered by this Agreement.

SECTION 2. Representatives of the Company and the Union shall cooperate in the enforcement of all rules and practices to further safe and sanitary working conditions. It shall be the responsibility of the Company to ensure safe working conditions for its employees in the workplace and compliance by the employees with any safety rules. A Steward appointed under this Agreement shall be present at all times when representatives of the Company make locker inspections. The Company shall hold safety meetings with required attendance by every employee covered by this Agreement, on work time, as a means of improving safety and educating employees in safe practices.

SECTION 3. The Union recognizes the need for employees to wear the safety equipment and clothes required and agree that the Company may make this a condition of employment. The Union will cooperate with the Company in obtaining compliance with this provision by the employees it represents. Safety shoes shall be a condition of employment. Safety equipment (except safety glasses and safety shoes) will be furnished by the Company. Walt Disney World Resort safety standards shall apply to all third-party contractor/vendors contracted to perform work on Walt Disney World Resort property by a business unit covered by this Agreement.

SECTION 4. Consistent with the ADAAA, the Company reserves the right to require post-offer, conditional-employment medical examinations of applicants and job-related medical examinations of existing employees. Examinations will be conducted by a licensed physician designated and paid for by the Company.

Section 5. The Company may implement a smoke and tobacco free work environment (including cigarettes, cigars, vaping, e-cigarettes and all forms of smoke free tobacco). The Company will provide advance notice to the Union and employees prior to any implementation of a smoke and tobacco free campus. The Company will continue to offer smoke-free cessation programs and resources.

ARTICLE 32 - COSTUMES AND PERSONAL APPEARANCE

SECTION 1. If the Company requires any employee to wear a work costume (except shoes, even if uniformity is required), it will be furnished at the Company's expense.

SECTION 2. The cost of cleaning or laundering the clothing furnished under this Article shall be paid by the Company. Such clothing and other equipment will at all times remain the property of the Company and the employee who is issued any of these items will be fully responsible for seeing that they are properly cared for.

SECTION 3. Employees working under the terms of this Agreement who are required to wear costumes will be furnished when needed at least two (2) changes of Company costumes to wear in the performance of their work assignments. Such costumes shall consist of either, coveralls, overalls, pants and shirt, shop coat, or similar costume, whichever in the judgment of the Company best suits the employee's classification of work for safety, efficiency, and show purposes.

SECTION 4. Each employee shall be required to sign an authorization for the Company to deduct from wages the amount of money necessary to replace the employee's company-furnished costume in the event the costume is not returned when required, or is defaced or is willfully damaged, except if the employee can prove that it was stolen without his/her fault. An unreturned or lost locker key will result in a wage deduction in the amount necessary to replace the lock on an employee's locker. An employee who willfully defaces, destroys, or misuses a company-furnished costume is subject to disciplinary action, including dismissal.

SECTION 5. It is recognized that the Company may make and enforce rules relating to the personal appearance which must be set forth in writing.

SECTION 6. Company furnished clothing is not to be worn off Walt Disney World Resort premises outside of employee's working hours, however, it is an understanding of the parties that the Company may elect to allow certain employees to wear Company issued clothing off Walt Disney World Resort property.

SECTION 7. Dress and Travel is voluntary across Walt Disney World Resort property and is not available at Disney's Animal Kingdom, Disney's Wide World of Sports Complex, Disney's BoardWalk Resort, or Disney's Coronado Springs Resort. Prospectively, if Cast Zooming is available in a given area, newly hired employees will not be allowed, or have the option to volunteer to participate in the Dress and Travel provisions referred to in Article 32 of this Agreement. Any limiting of Dress and Travel by this Agreement is not a limitation of legitimate clean-up when certain jobs are performed, if approved by Management.

ARTICLE 33 - INTERPRETATION

The parties hereto may interpret, alter, or amend this Agreement by mutual action in writing, and no individual employee shall have cause to complain therefore, it being understood that any interpretation or arrangement mutually satisfactory to the parties hereto shall be binding upon all individual employees, whether such action be prospective or retroactive.

ARTICLE 34 - SEVERABILITY

It is not the intent of either party hereto to violate any laws or any rulings or regulations of any governmental authority or agency having jurisdiction of the subject matter of this Agreement and the parties hereto agree that in the event any provision of this Agreement is held or constituted to be void as being in contravention of any such laws, rulings, or regulations, nevertheless, the remainder of the Agreement shall remain

in full force and effect, unless the parts so found to be void are wholly inseparable from the remaining portion of this Agreement.

ARTICLE 35 - DURATION OF THE AGREEMENT

SECTION 1. This Agreement and any amendment or supplement hereto shall be in full force and effect from **April 3, 2022** through **October 3, 2026** and from year-to-year thereafter, subject to the right of either party to terminate the same at any anniversary of **October 4**, following **October 3, 2026**, upon the giving of written notice of termination not later than sixty (60) days next proceeding the effective date of such termination. If agreement is not reached for a renewal of this Agreement by midnight of the December 31st next following after such sixty (60) day notice, both parties shall then be free to engage in a lawful strike or lawful lockout, as the case may be, until agreement is reached.

SECTION 2. The parties acknowledge that, during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that the understandings and agreements arrived at by the parties, after the exercise of that right and opportunity, are set forth in this Agreement. Therefore, the Company and the Union, for the life of this Agreement, each voluntarily and unqualifiedly waives the right and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this Agreement, or with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this Agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement between Walt Disney World Resort and the Walt Disney World Craft Maintenance Council to be ratified April 3, 2022 and in full force and effect through October 3, 2026.

A. TEMPORARY REFERRAL:

1. Temporary Referrals may be utilized on holidays and during peak seasons (15 weeks) throughout the year. It is agreed a cap of twenty percent (20%) of total workforce hours worked as a maximum usage of Temporary Referrals.

2. Temporary Referrals will not be scheduled more than three (3) days per week, except during seasonal expanded warehouse activity. They must work Saturday and Sunday to qualify for a third (3rd) workday.

3. During expanded seasonal activity if Temporary Referral employees work more than thirty (30) continuous calendar days, they are eligible for holiday pay for holidays that occur subsequent to the thirty (30) continuous days during the period of Regular Full Time scheduling. At such time the Temporary Referral employee returns to Regular Part Time scheduling they forfeit holiday pay eligibility.

4. The Company will offer the Union the opportunity to provide qualified Temporary Referral warehouse employees on a first referral basis. The Company retains the right to refuse any referrals, based on qualifications, at its sole discretion. If the Union is unable to provide referrals in a timely manner, the Company may hire from whatever source it chooses.

5. The Company will offer overtime and holiday work to Regular Full Time employees prior to scheduling Regular Part Time employees for this work.

6. In the event that a Temporary Referral employee is converted to Regular Full Time status, his/her seniority date shall be the date of their conversion.

**B. ANNUAL JOB BID IN WAREHOUSING AND TEXTILE SERVICES
DISTRIBUTION:**

All paragraphs in this section shall refer to both the Warehousing and Textile Services Distribution operations unless otherwise indicated

1. An annual job bid will take place every twelve (12) months with the bid becoming effective through a phased process by the end of January. The Company reserves the right to deviate from this format based upon operational requirements.

2. **In Distribution Services**, beginning with the bid effective January 2024 and every second year thereafter (2026, 2028...), the job bid will include all jobs within the unit by job classification. Beginning with the bid effective January 2023 and every second (2nd) year thereafter (2025, 2027...), the bid will be for shifts and days off within the work location. Working Foreman lines will be identified on the schedules that are offered for bid.

3. The Company reserves the exclusive right to select Working Foreman (sometimes performing as a “Dispatcher”) on the basis of the most qualified employee.

4. Each line will be offered to the most senior qualified employee. The employee must possess the qualifications at the time of bid. All lines requiring a Working Foreman or Commercial Driver’s License (CDL) must be approved by management prior to bid selection.

5. **In Distribution Services**, in the event of a Working Foreman relinquishing the position, either voluntarily or by Company directive, the position will be offered to the most senior *non-status* qualified employee within the work location. If no one in the work location is qualified, then the position will be offered to the most senior non statused qualified warehouse employee within the job classification. The displaced Working Foreman will be assigned to the position formerly held by his/her replacement.

6. The Company will bid individual jobs between the annual bid when a Regular Full Time employee retires or terminates and when new jobs are created. Only the primary vacancy shall be bid. Secondary vacancies shall be filled by the Company and may not be bid until the next annual bid. At its sole discretion, the Company may place up for bid any Regular Full Time line assigned to an employee who has been on a personal medical leave of absence exceeding forty-five (45) days. Employees assigned under these provisions will be required to maintain the position for a six (6) month period, or until the annual bid.

7. Employees must have their requested vacation submitted to supervision within thirty (30) days of the total implementation of the bid. Approved vacations schedule will be posted within sixty (60) days of the total implementation of the bid.

8. **In Distribution Services**, when Regular Part Time employees are made Regular Full Time, they may continue to work in the same position and the Company will not be required to place the position for bid until the next annual bid.

9. Requests for the trading of positions among employees in the same job classification will be allowed with the approval of the Company.

10. **In Distribution Services**, when a line is transferred from one location to another or the qualifications for the line change, and an incumbent is

involved, the Company and the Union will jointly determine how long the incumbent will be given to obtain the necessary qualifications to retain the position.

C. DISTRIBUTION OF OVERTIME IN WAREHOUSING AND TEXTILE SERVICES DISTRIBUTION:

All paragraphs in this section shall refer to both the Warehousing and Textile Services Distribution operations unless otherwise indicated.

1. It is mutually agreed by the parties, due to the unique and distinct job functions within the Distribution Services **and Textile Services Distribution** Departments, the overtime equalization provisions of the Craft Maintenance Agreement, which are embodied in Article 20, Sections **14 and 15**, as well as the Letter of Intent will not have application.

2. The following Agreement prescribes the method by which overtime will be distributed within the Distribution Services Department.

"Buildings" as used in this agreement are as follows:	"Work Areas" within buildings are as follows:
DC-2 (Merchandise Operations: Warehouse/Marking/Shipping as one "building")	1) Receiving 2) Pallet Put-Away/Replen Pick/Replen Put-Away/Whse Reconfiguration 3) Pick/Consolidation/Pick Audit/Cust Svc Pick 4) Cycle Count/Inv Integrity 5) Marker Support 6) Ship Outbound Freight/LTL & CA Outbound
Material Handler	Mdse Markers/Ticket Making/Compliance Repack
Foods Delivery	Food Delivery and then Global Delivery
General Supplies Delivery	General Supplies Delivery and then Global Delivery
Merchandise Delivery	Merchandise Delivery and then Global Delivery
Local Traffic	Local Traffic and then Global Delivery
Forklift Support (Merchandise Delivery S&D)	Merch. Dely. Forklift Support, then Pallet Yard Forklift Support, then Distribution Services wide.
Forklift Support (Pallet Yard S&D)	Pallet Yard Forklift Support, then Merch. Dely. Forklift Support, then Distribution Services wide.
DC-3 Foods Warehouse	1) Dry Stock Receiving, Perishable Recieving 2) Dry Stock Inventory Management, Perishable Inventory Management, Cycle Count 3) Dry Stock Pick , Perishable Pick 4) Liquor 5) Sanitation
DCG/DC5	1) G/S Receiving 2) G/S Put away/Inventory Mgmt 3) G/S Pick 4) DC5

3. The Company agrees that it will not use the following agreement to evade requirements to call in senior employees when it is known at the start of a shift that overtime will be required. The Union agrees that the Company may need to deviate from this agreement to satisfy business needs:

- (a) If the duration of overtime in a given work area does not exceed two (2) hours per person (not cumulative) present and stasured in that work area, overtime will be offered by seniority to those employees present and stasured in the work area where overtime exists. Should it be determined after overtime has started, that the duration of overtime will exceed two (2) hours per person present and stasured in that work area, the normal overtime call in procedure will be initiated. Incumbents will be allowed to continue working until relieved by a senior person. If the Company exceeds two (2) hours per person present and stasured in a given work area, without initiating the overtime call in procedure, senior people not called shall be paid overtime worked by the junior person.
- (b) If the duration of overtime (before overtime has started) in a given work area exceeds two (2) hours per person present and stasured in that work area, overtime will be offered by seniority to those employees, whether present or not, stasured in the work area where overtime exists. If a called in employee does not satisfy the agreement to work a minimum of four (4) hours of the offered overtime, the Company will only pay for the actual time worked.
- (c) Under condition the overtime commitment cannot be satisfied within a given work area, the overtime will then be offered to other work areas within the building, in seniority order.

4. **In Distribution Services**, under provisions that the overtime requirement cannot be met within the building concerned or in the case of the Delivery Department within that department, overtime will then be offered to those employees who are stasured Regular Full Time but are temporarily assigned to the "building" requiring overtime.

5. If no one, or an insufficient number, accepts the overtime opportunity, then the least senior qualified employee(s) within the work area shall be assigned to work the overtime. Regular Part Time employees may not be offered overtime until all Regular Full Time employees have been considered.

6. If overtime is required on a regularly stasured Working Foreman line, the most senior qualified stasured or non stasured Working Foreman in the work area will be offered the overtime first, then to the Working Foreman list by building. In no case will a person, not on the Working Foreman list, have a claim to a regularly stasured Working Foreman line, for the purposes of overtime; conversely the Company may not disregard the seniority list to fill a normal S&D line vacated by a person on the Working Foreman list who has been called to fill a stasured Working Foreman slot for that day.

7. The policy concerning continuation of work will remain in effect. When an employee is working at a specific job is required to extend beyond his/her normal quitting time and cannot reasonably be replaced by a more senior employee, the same employee will be permitted to perform overtime to finish the job regardless of his/her seniority. This shall not be used to circumvent the overtime policy outlined above.

8. Persons in the stockrooms may continue their shift without regard to seniority provided it does not exceed four (4) hours.

9. When not detrimental to the efficient operation of the area, a Steward, or other unit member will be used to witness the overtime call-in process, on exception.

D. DISTRIBUTION SERVICES DELIVERY DEPARTMENT:

1. The Delivery Department is primarily involved in the delivery of foods, general supplies, and merchandise. Drivers in this department will be classified as Supply and Distribution Worker A or B, and are entitled to premium rates described below.

- (a) S & D W/A - must be qualified to operate tractor trailer, pup trailer, or any other combination vehicle designated by the Company.
- (b) S & D W/B - must be qualified to drive straight trucks (24', 18', etc.), stake body, goose neck trailers, and any other vehicle in this group which the Company may direct.
- (c) The Company reserves the right, in its sole discretion, to determine if an individual is qualified to drive the vehicles described in each group above and therefore eligible for the premium pay.
- (d) It is the individual responsibility of each driver to maintain his/her qualifications within the prescribed Motor Vehicle Laws or the State of Florida. Failure to do so will result in immediate disqualification and removal from the Delivery Department. A driver, so disqualified, may replace the least senior employee on the S & D list, provided he is more senior.
- (e) ACCIDENT POLICY: All accidents shall be investigated, and discipline administered where necessary, on an individual case basis.
 - 1) All drivers are responsible for their vehicles and must fill out a daily VEHICLE DAMAGE REPORT and report any new damage to a supervisor or working Foreman before moving his/her truck. Failure to do so may result

in the driver being charged for any damage discovered subsequent to his/her shift.

- 2) In any case where the employee has demonstrated negligence, disregard for safety factors, caused bodily injury, committed a traffic violation which resulted in an accident, been involved in any one chargeable accident with damages equal to or greater than \$10,000, or been involved in three chargeable accidents within a 3-year period may be subject to termination.
 - (a) An accident shall be defined as contact made with an object that results in damage equal to or greater than \$1000.
- 3) Any two (2) chargeable incidents shall be considered as one (1) accident.
 - (a) An incident shall be defined as contact(s) made with objects which results in total damages less than \$1000. An incident in which injuries are incurred shall be considered an accident.
- 4) Any unreported accident/incident may be grounds for immediate termination.
- 5) All accidents shall be reviewed by the Delivery Department Safety Committee Members within a reasonable time.
- 6) Drivers terminated for violation of this Accident Policy may not replace any less senior employee in any classification.

2. Requirements for overtime availability - The most senior qualified Driver by work location will have first choice at overtime, provided the Driver has sufficient hours available to complete the run, and whose regularly scheduled shift does not interfere with the overtime shift offered. Once a driver has been called and committed to an overtime shift, he/she will be allowed to complete that shift. All Drivers must be able to meet D.O.T. requirements at the time they are scheduled to drive.

E. Working Foremen

1. Working Foreman and persons qualified to be Working Foremen will be identified by an asterisk (*) on the seniority list.

F. Management Steward/Committee

1. The parties agree to establish management/shop steward meetings to maintain open lines of communication and to discuss and resolve issues.

2. The meetings shall be scheduled on a monthly basis and will be attended by the area manager or area supervisor and a maximum of five (5) shop stewards.

3. The meeting will be scheduled by management at a time that does no interfere with the daily operation. Shop stewards attending the meeting during their scheduled shift will be paid for their time. Shop stewards who choose to attend the meeting prior to or after their scheduled shift, or on a scheduled day off will not be paid.

G. TEXTILE SERVICES DISTRIBUTION REFERRALS

1. The Company will offer the Union the opportunity to provide qualified referral driver employees in a manner consistent with Article 14 of the Craft Maintenance Agreement. The Company retains the right to refuse any referrals based on qualifications, at its sole discretion. If the Union is unable to provide referrals in a timely manner, the Company may hire from whatever source it chooses. All driver referrals will be offered full time positions.

.....
It is understood that the provisions contained in this Addendum have no applicability to any other areas covered by the Craft Maintenance Council or any other agreements to which the parties are signatory.

MATERIAL HANDLER CLASSIFICATION

This Agreement is supplemental to the Craft Maintenance Agreement pertaining to the conditions and understandings mutually accepted by the parties pertaining to the "Material Handler" classifications.

1. JOB DUTIES AND FUNCTIONS - The Duties of Material Handlers will include, but not be limited to, the routine duties attendant to the receipt, packing, protecting, weighing, price identification, marking and reboxing of all types of material sold and/or used by the Company.

2. INTERCHANGEABILITY OF REGULAR SCHEDULED SHIFT - Employees classified as Material Handler will be interchangeable on the basis of regularly scheduled shifts.

3. MATERIAL HANDLER SENIORITY LIST APPLICATION AFFECTING CANDY PACK, AND MARKING AREA - Following a mutual agreement reached by the parties in merging the Candy Pack areas into the new Material Handler Classification in 1987, the parties shall recognize the following applications of seniority affecting the transferred employees into the unit:

- (a) Those transferred Candy Pack employees shall retain their present seniority date and cannot be displaced either by layoff, recall or transfer of a more senior employee, classified as "Material Handler."

Transfer by those employees referenced herein to any other location within the Material Handler Classification shall result in a change in their seniority date as of the effective date of transfer for their new location only. In the event of layoff/recalls, Article 16, Section 1 shall be applicable.

- (b) It is recognized that the mutual purpose and intent of this provision is to protect the seniority rights of the Merchandise Markers employees and the merged Candy Packers who were working in separate classifications prior to the establishment of the "Material Handler" classification in 1987. Employees hired after the original merger will fall into one common Material Handler seniority list encompassing Candy Pack, Marking, Ticket Room, Fashion, and other possible locations or operations which may be added into the classification.

4. TEMPORARY REFERRAL (T.R.) MATERIAL HANDLERS - The Company and the Union hereby agree that to provide temporary help for the above referenced

warehouse material handling operations, a Temporary Referral pool shall be established.

- (a) The Union will furnish the Company with names of employees who are interested in temporary employment. From these names a list of employees will be established to exclusively fill all temporary openings. Subsequent vacancies or additions to this list will be filled by referrals from the Union.
- (b) TR employees will be utilized in Material Handling activities on weekends, holidays and seasonal peak periods. They may also cover absenteeism only after all Regular Full Time employees, who are not scheduled that day, have been offered the work.
- (c) During expanded seasonal activity if TR employees work more than thirty (30) continuous calendar days, they are eligible for holiday pay for holidays that occur subsequent to the thirty (30) continuous days during the period of Regular Full Time scheduling. At such time the TR employee returns to Regular Part Time scheduling they forfeit holiday pay eligibility.
- (d) Seniority - The seniority date and hire date for a TR Material Handler will reflect the initial date of hire as a TR Material Handler. Employees will be called in seniority order consistent with their availability.
- (e) The temporary pool will not be used by the Company to circumvent hiring of Regular Full Time employees.

5. MATERIAL HANDLER LIMITED WORK PROGRAM

- (a) Up to five (5) Material Handler positions per shift will be used as temporary assignments for people who are in the Limited Work Programs, provided that no Material Handlers are on layoff status.
- (b) Employees will be referred to the area by Workers' Compensation.
- (c) Employees will be limited to participating in the program for a maximum of six (6) weeks.
- (d) Employees will receive their regular stated hourly wage rate.
- (e) Regular Full Time Material handlers who are approved for a Limited Duty assignment by Workers' Compensation shall have first preference in filling these positions and S & D's shall have second preference before out-of-classification employees of the Company are assigned.

6. OVERTIME - Overtime within the Material Handler classification shall be administered as per Addendum II, paragraph C.

7. MATERIAL HANDLER/TICKET ROOM - Material handlers who either bid or are assigned to perform work in the ticket room shall be paid fifty cents (\$.50) per hour above their established hourly rate of pay. Any person assigned to print tickets for more than one (1) hour shall be paid the premium rate.

8. It is understood by the parties that these provisions have no applicability to any other job classification or other work areas covered by the Craft Maintenance Council Agreement. It is further understood by the parties that all Company policies pertaining to Temporary Referral employees shall apply unless specifically addressed otherwise in this Addendum.
