

JUNE 10-12, 2023

LABOR of LOVE

KINGSMILL
Resort
WILLIAMSBURG, VIRGINIA

Thank you from Chairman Sean McGarvey...

North America's Building Trades Unions are pleased to announce that the Labor of Love will be headed to Kingsmill Resort in historic Williamsburg, Virginia for 2023.

In Kingsmill, we will have the opportunity to play two PGA courses, the River and Plantation, which are nestled alongside the James River and a few miles away from historic Williamsburg and Yorktown. The Labor of Love will begin with an Opening Reception & Tabletop tourney on Saturday evening, followed by Sunday's events (Fishing, Masters, and a Welcome Reception - Poker Tournament, and conclude with Monday's Labor of Love Tournament and Awards Ceremony.

As NABTU enters its 37th year of partnership with the Diabetes Research Institute, we've been fortunate enough to provide over 73 million dollars during that time thanks to our D.A.D.'s Day and Labor of Love activities. The FDA recently announced the approval of the first drug, Tzield (teplizumab), which can delay the onset of Type 1 diabetes. As one of the clinical testing sites for Teplizumab, the DRI team has been part of this groundbreaking discovery. The DRI also provides cutting-edge clinical research access to patients through innovative clinical trials like the one used for Teplizumab. You can take pride in knowing how much the efforts of each of you has played in this important discovery. As the Institute's scientists continue to address major research challenges that stand in the way of a biological cure, you continue to provide the path forward on our mission to close the door on diabetes.

I would encourage everyone to visit the DRI website – www.diabetesresearch.org/DRI-clinical-trails - and take a moment to learn more about the ongoing science and progress made to date. NABTU's commitment remains and our annual Blueprint for Cure Campaign efforts through the Labor of Love and D.A.D.'s Day program will continue to allow the DRI to continue their search for a cure.

On behalf of the Building Trades and the Diabetes Research Institute Foundation, I want to personally express our thanks and gratitude for your years of support. Returning to our in-person event last year was inspiring, and I believe this year will exceed expectations. We are proud of the DRI's fortitude, and grateful to you for your continued commitment to assist with and improve the lives of our members and their families.

Thank you for being a beacon of hope.

We look forward to seeing you this June.

Sincerely,

Sean McGarvey

LiUNA!
